

## RESOURCE LIST

### WATER FILTERS

Andrews Water Systems

Contact Andy Johnson

Tel: 01704516916

<https://www.andrewswater.co.uk/colonic-hydrotherapy-filter-uv-system>

*Andrews Water Systems also sell excellent under and over the sink drinking filter systems. They operate a practitioner's referral scheme for therapists.*

### DISPOSABLE TUBINGS AND BESPOKE EQUIPMENT (MACHINES)

The Specula Company

Contact Pauline

Tel: 01376 520 438

*Pauline is extremely reliable and imports from Germany the tubing packs I use at the Centre. I prefer them over any other brand because of the outlet tube which is longer and more rigid and allows a comfortable Neutral position as well as a Clamp.*

International Colon Hydrotherapy Foundation

Contact: Jean

Tel: 0208 669 5155

<http://www.colonic-irrigation-equipment.co.uk/3.htm>

*Jean has exceptional quality flanged specula which can be more suitable for some people. You can have a few on stand-by to replace the one that's in your regular packs. The outlet in her packs is very short but the same as the ones I use at the Centre*

Colonic Supplies

Contact: Galina

Tel: +44 (0) 1628 62 66 11

<https://www.colonicsupplies.online>

*Galina has an extensive range of supplies, including gravity fed tank, portable machines similar to the one at the Centre, enemas, syringes, implant catheters, plumbing supplies and incontinence pads.*

Kingspeed Services

Tel: 01322 380022

<http://www.kingspeedservices.com/colonic>

*General colonic supplies including syringes and implant catheter. Kingspeed is also a stockist for Transcom (Spanish) colonic machine.*

### GRAVITY FED TANK SYSTEM

Colonic Supplies (Galina)

Tel: +44 (0) 1628 62 66 11

<https://www.colonicsupplies.online/machines-spare-parts-treatment-accessories/aqua-clinic-gravity-system-self-install-tank-kit-wras-compliant>

Practitioner Supplies

Tel: 01254 662 585

<http://practitionersupplies.co.uk/colon-hydrotherapy-equipment/125-25litre-colon-hydrotherapy-gravity-tank.html>

*When ordering the last stage tubing that connects between gravity tank and inlet pipe from speculum pack make sure to check size to be compatible with your speculum pack inlet. The German packs from Pauline will need a maximum size silicon tube of 8mm. Six millimetre is preferable*

## **INCONTINENCE PADS, COUCH ROLLS, LATEX GLOVES.**

Eco-med

Tel: 01406 364 242

<http://www.econogroup.com>

*Excellent value for basic clinic paper supplies.*
